

Mini-Maxi & Maxi Cars & Controls

Mini-Maxi and Maxi travelers bring the ease of dinghy traveler adjustment to large offshore boats. Cars ride on two rows of recirculating Torton® ball bearings and roll freely under high, non-vertical loads. Custom cars for horizontally curved track available on request. Custom configurations also offered.

End controls feature energy-absorbing bumpers and come in several configurations.

Use for:
Mainsheet systems
Self-tacking jibs

Integral control blocks

Low-profile design

3068

Recirculating Torton® ball bearings

Black Magic® control blocks

High-load pivoting shackle

2:1 Traveler control system

Custom cars available with stainless steel sideplate blocks

3070

1707

3069
3071
