

"We knew you'd like it..."

"When we first tested Team McLube Sailkote's dry film lube seven years ago, we thought we had found something big. We were right! McLube Sailkote has become a favorite of racing and cruising sailors throughout the world. Here's what Jonathan McKee has to say.

"I always coat the sliding hatches, mainsail slider tracks, spinnakers, telltales, and deck hardware on any boat I am sailing on."

Jonathan McKee,
Olympic Gold Medalist,
America's Cup crew,
Solo champion and
multiple one-design
class world champion.
